Eighteen Kern County Students Selected to Receive Scholarship Funds for Medical Education

Hall Ambulance Service, Inc. has announced the recipients of this year's Harvey L. Hall/Hall Ambulance Medical Scholarships. Eighteen graduates from across Kern County received financial assistance, which is available to students pursuing a career in medicine.

This marks the tenth-year the Harvey L. Hall/Hall Ambulance Medical Scholarships have been presented. Since its inception, more than 168 students have benefited from \$44,500 in financial aid. Eligible seniors are those who reside within Hall Ambulance Service's operational area, which covers 87% of Kern County.

The presentations were made over the last several weeks, either by Mr. Hall or by a member of his management staff. "It's encouraging to see the level of competency exhibited by these young adults," says Mark Corum, Manager of Public-Media Relations. "Our community will certainly be in good hands as they transform from students into medical professionals," he said.
